# The Invisible Visible Gift!

**April 3rd and 4th, 2014 at 10am**

Shayna can't find a place to fit in at her school. The Drama Club, Math Club, Student Council, and Cheerleading Squad all turn her away. Her principal recommends a book that might help. Watch as Shayna becomes the princess in the story. As the princess, she must complete her vision quest and bring harmony, respect, acceptance, and cooperation to the villages of the Kingdom of Kindness, which has been divided by mistrust and misunderstanding.

On her journey the Princess Shayna encounters three vicious villains who try to thwart her plans. Shayna recognizes the "villains" as the bullies she's experienced at school. By relating the book to her own life, Shayna understands that everyone has their own "gifts", which helps her feel more comfortable accepting and appreciating other's strengths and differences.

Join us for this fun and engaging performance that encourages children to get along with one another and deal with bully behavior.
